

Ink Jet Cartridge Recycling

There are a number of companies that refill or recycle ink jet cartridges. Most provide prepaid mailing envelopes or boxes that are filled and mailed back. Depending on the make and model of the cartridge, they may also pay for them or make a donation to a designated school. Following are some of these organizations.

Imagine it...Fundraising through Recycling
Takes empty ink/toner cartridges
(anything that comes out of a printer, copier or fax), cell phones & tablets

Cell Phone Recycling

Old cell phones should not be disposed of in landfills since they contain toxic materials that are harmful to our environment.

Under the New York State Wireless Recycling Act of 2007 all wireless telephone service providers are required to accept cell phones for reuse or recycling.

Where to donate locally

Working and nonworking phones can be dropped off at:

Genesee County

AT&T
4666 Veterans Memorial Dr.
