Americans receive almost 2 million tons of junk mail every year, meaning 2 MILLION TONS OF PAPER IS WASTED. You can put an end to junk mail waste. Here's how! Fill out the postcard below asking for your name to be deleted from computer mailing lists. Put a postcard stamp on it and mail it. This will be effective for 5 years. Be sure to list all variations of your name (and misspellings) as they appear on the junk mail you receive.

AND

For added assurance call 888-5optout (888-567-8688) to remove your name from lists used by credit card companies and some direct marketers. This number reaches all 4 major credit bureaus. Calling it removes your name for two years. You can be removed permanently by calling this number, requesting, completing and returning a form they mail to you.
